**Objective**

Recent IT (Software Development) graduate from **Nelson Mandela University** with firsthand experience in full-stack development, database management, and software project execution. Skilled in **HTML, CSS, C#, ASP.NET Core**, and **SQL**, with a strong interest in building efficient, user-friendly software.

---

**Education****Nelson Mandela University — Diploma in Information Technology (Software Development)**

*Graduation Date: April 2025*

- Relevant Coursework: Object-Oriented Programming, Database Management, Web Development, Data Analytics, Software Engineering

**Key Skills**

- **Languages:** C#, JavaScript, HTML, CSS, and SQL
  - **Frameworks:** ASP.NET Core, Entity Framework (EF) Core, MVC and Bootstrap
  - **Tools:** Visual Studio, VS Code, Microsoft SQL Server, and GitHub.
- 

**Projects****Student Management System**

- Developed a robust web application for managing students, courses, and enrolments using **ASP.NET Core MVC, EF Core**, and **MSSQL**.
- CRUD operations for students, courses, and enrolments
- Soft delete functionality for better data management.
- Scrollable tables for enhanced usability with large datasets.
- Comprehensive admin dashboard displaying real-time statistics and insights
- **Technologies Used:** C#, ASP.NET Core MVC, EF Core, MSSQL Server, and Bootstrap.

## Portfolio Website — 2024

*view live page:* <https://iamunique014.github.io/Mr-unique/>

- Designed and developed a personal portfolio website to highlight technical skills, projects, and professional background.
- Built a **responsive** and modern landing page utilizing **HTML**, **CSS**, and **Bootstrap** to ensure **cross-device compatibility**.
- Focused on clean, accessible design with a **user-friendly** layout to highlight key achievements and projects.
- Integrated custom styling with **Bootstrap's grid system** to create a visually appealing and **interactive interface**.

## Landing Page for Cheesecake Business — 2025

*view live page:* <http://iamunique014.github.io/Cheese-Cake-Design>

- Designed and developed a fully responsive landing page for a cheesecake business using **HTML**, **CSS**, and **Bootstrap**.
- Implemented a visually appealing layout with a modern design aesthetic, leveraging **Bootstrap** for responsive grid structures and styling.
- Ensured **cross-device compatibility** with optimized **media queries** for screens of various sizes.
- Integrated custom buttons, icons, and forms for a polished user experience.

---

## Languages

- IsiXhosa – Native, English - Excellent, Zulu – Good.

---

## Interests

- Technology, coding challenges, learning new programming languages, and solving programming problems.
